BULLDOG

THE DOOR IS WIDE OPEN

For the students at Macon County High School, the door is wide open. Only we can choose whether to enter or to remain. We look behind us, and think of moments past, and their remembrance gives us pleasure. We look forward through our doorways, unsure of what lies ahead, but mov-

ing forward with a positive outlook.

Starting with the cafeteria fire last spring, the student body and faculty have pulled together for many opportunities — a variety of classes, lots of school pride, and a sincere desire for the best education possible.

We have no locked doors to our

minds, because as one passage opens, the ones we leave behind let us carry everything we know with us onto the next passage. The outlets for achievement are clear. Move with us now through the doorways of 1984-85.

LOCKED INTO EXCELLENCE

We at Macon County High School are locked into excellence. Although our rules were changed a bit by a new state policy, which made the school year tougher, we still made it through the threshold with flying colors.

Our teachers are the keymasters to our locked entrances. Over the years they have worked with us to open up new entrances and knock

down old ones. They have sometimes had difficulties finding the right combinations to unlock the entrances, but they have taught us to open our minds to new ideas and higher goals.

The students at our school know there is always a time for fun. We also know that the gates are ours to open as the gates are ours to close. Although our gateways may seem

firm we do acquire the knowledge that seeps through the small inlets in our already developing minds. Our studies are fenced from 8:15 to 3:09 and often spilled out when they are called. We win awards and become proud of ourselves, however, we know we cannot accomplish things alone.

KEYED UP WITH SPIRIT

(Usually, when you think of spirit, your mind naturally turns towards athletics. Here at MCHS we can vividly picture spirit in the academics. We are literally fired up in the classrooms. Many students are striving for an A average. We are endeavoring to be called and remembered as a "good student".

Our athletics are keyed up with spirit, too. Our cheerleaders can take partial responsibility for the spirited seasons of 1984-85. But the team too helps the school as far as spirit is concerned. They gave the fans encouragement and assured us of a successful year. We are extensively proud that our teams were able to

carry out what may be considered "Campaign Promises".

Not only were our athletic teams and classrooms spirited, but so were our Literary teams. They, too, set out for a great year, and they, too, were successful. This proves that we at MCH are well rounded.

HINGES HOLD OUR PRIDE

At MCHS, doors are wide open revealing our outstanding pride. By opening many doors to achievement, our ever-increasing pride continues to hang on many hinges of life. Whether at a football or baseball game, pride is visible on our fans' faces and through their cheering and support of our Bulldogs. The many trophies and awards are evident of our pride that is carried on through

extracurricular activities. We can be proud of the goals we reached and the jobs at which we excelled for the well-being and honor for our fellow students and for our school. Through all aspects of school life, our shining pride is opening up new doorways every day to our success now and in the future. Pride motivated the hard work spent on the picnic tables made for us by FFA. We represent our

school and show our pride to others by wearing our red and white Bulldog hats at school and at athletic activities. Our lockers are filled with our clutter that gives us our individuality for which we can be proud. Thru all aspects of school life, our shining pride is opening up endless doorways to our success now and in our future endeavors.

FACULTY SPOTLIGHT

MISS
BERTHA
HARRIS

Her trade-mark will always be her soft-spoken voice and neat appearance. Miss Harris has taught social studies at M.C.H.S. for the past six years, and has been the Debate Coach for the past three years with teams competing in region events.

It is a pleasure to put the Bulldog Spotlight on Miss Bertha Harris, as she is a person who we consider well deserving. We would like to wish her much luck and success in her future.

HEADLINERS

During the past year, the concerts and movies have really been hot! The Jacksons with their *Victory* tour, Bruce Springsteen with his *Born in the USA* tour, and Prince with his hit movie and album *Purple Rain*, have brought a lot of extra excitement into the entertainment world.

For several months Jermaine, Marlon, Michael, Randy, and Tito have been driving devoted fans crazy with one hour and ten minutes of dazzling special effects and unmistakable Jackson sound.

During the *Born in the USA* con-

cert, Springsteen (the Boss) gives his fans three hours of everything he's got. So many people seem to thrive on Springsteen's music that his two concerts in Atlanta sold out in a matter of hours. Yes, it looks like the Boss is here to stay!

Although Prince is not new on the music scene, he's come out with something which won't soon be forgotten, *Purple Rain*. The movie, the album, and the concert have all been smash hits.

With people like the Jacksons, Springsteen, and Prince around, America may never sit still.

PRINCIPAL'S MESSAGE

Ralph W. Emerson composed the following lines which apply just as well today as they did many years ago:

"Life is too short to waste . . .
'Twill soon be dark;
Up! Mind thine own aim, and
God speed the Mark!"

Each of us has the responsibility of using time as wisely as possible. Each of us also has the responsibility of setting worthwhile goals. I would like to take this opportunity to wish all of our students, and especially the Seniors of 1985, Godspeed toward their chosen target in life. If you follow the philosopher's advice — "Mind thine own Aim" — Your goals will be achievable.

VOCATIONAL DEPARTMENT

Macon County High offers a comprehensive educational program for its students including a broad program of vocational education. There are opportunities for students to gain knowledge and skills related to Homemaking, Agriculture, Industrial Arts, Trade and Industrial, Health, and Business occupations. These courses allow students to learn through hands-on experience with work world tasks, thereby preparing them to make the transition from school to work.

The philosophy goals of our school is coherently based upon a strong belief in the individual. All aspects of the educational program must work together for the good of the student if worthwhile goals are realized. It is essential that we support programs which are both practical and acceptable to the community we serve.

The faculty, staff, and administration propose to provide a curriculum and environment which reflect requirements, ever-changing needs, abilities, and interests of each single student.

The One-Act Play this year was written by Kathryn Schultz Miller about the life and works of Edgar Allan Poe.

The play begins as Poe is dying. As he struggles with death, he recounts his melancholy life. Poe felt that the only true, worthy subject of literature was the melancholy examination of the death of a beautiful woman — depicted her in the gruesome death of his young wife and the poem which resulted "Annabel Lee".

The poem "The Raven", is recited after Poe is ridiculed and humiliated by his loyal editor. The play ends where it began — at Poe's death with an excerpt from "Life of Thingum Bob, Esq.", in which Poe reveals the meaning of his life: "Through joy, through sorrow, through it all — I wrote!"

STAR STUDENT — STAR TEACHER

Wes Jones And Wylene Webb

The Star Student Award, given annually by the Georgia Chamber of Commerce is awarded to the Senior scoring highest on the Scholastic Aptitude Test (SAT). This person must also be in the top ten percent of the graduation class. This year's recipient of the award was Wes Jones.

Wes' record included not only high academic standards, but an interest in the whole school program. He has served on the Student Council and the science team for 1 year, held memberships in the Sam Jones Honor Society and the National Honor Society, he served as President of HI-Y, a member of tennis team and also served as class secretary in his sophomore year. Wes was selected as a finalist in Math for the Governor's Honor's Program. This young man has been accepted at Emory at Oxford and Mercer University.

Wes chose Miss Wylene Webb as his star teacher be-

cause of the great influence she has had on his education and the dedication she feels for her job.

Miss Webb, a MCHS alumni, has been teaching for 14 years, and is currently a Georgia Certified E.M.T., as well as, a Red Cross First Aid Instructor. She received a B.S. Degree in Education with majors in Biology and Physical Education from Georgia Southwestern College in Americus. Returning to school in 1981, she completed the requirements for a Masters in Education. As our tennis coach, her teams have gone to State Finals for six of eight years. In the summer of 1983 and 1984 she was named "Coach of the Year" by the Georgia Coaches' Association. She has also worked with softball, track and girls' basketball teams in the past. Her daily class schedule includes Anatomy and Physiology, General Biology, Physical Education, and Health.

LITERARY EVENTS

LITERARY

Macon County High School participates each year in Region 1-AA literary events sponsored by the Ga. High School Association. We also participate in literary events sponsored by our regional C.E.S.A. unit. In addition, we participate in other contests organized and sponsored by businesses and civic groups. Literary is part of our counseling program to help students build up a "résumé" of Activities which will enable them to compete for a scholarship when they graduate.

Oral Interpretation

Ben York
Candie Brown

The individuals compete by reading prose, poetry, and or dramatic literature. The student gives a brief statement about the selection and then is required to read from a prepared manuscript that lasts no longer than 8 minutes. They are allowed no costumes or sound effects during the presentation.

Extemporaneous Speaking

Darrell Peters
Angela Kitchens

The contestants choose at random one topic out of about six. They are then given about 15 to 20 minutes in which to collect their thoughts. After which time, they must stand and present a speech on the issue.

Essay

Wes Jones
Cam Cannon

The participant is allowed to choose from five topics based on current events. There is a 600 word limit and the essays should be finished within two hours. No reference materials or dictionaries may be used.

In the spelling competition, contestants take a written test of 100 words in varying degrees of difficulty. Weeks of practice bring out the best.

The Fellowship of Christian Athletes is an organized group of girls and guys who are active in sports within our school. During the 1984-85 school year, FCA helped to move the tables and chairs from the gym to our newly remodeled cafeteria. Members also helped decorate before and clean-up after the Forestry Pageant. They gave assistance to any club who needed help in lining up the floats for the Christmas Parade. FCA promises to be a very active club for years to come.

"To make the best better" — the motto of the 4-H club was its goal for the 84-85 school year. The 4-H members had the opportunity to carry out a variety of projects and some members represented Macon County in events such as Dairy Bowl, Poultry judging, and District Project Achievement. The outstanding members are honored each year at an awards banquet. The members funded the club with several money-making activities, by kicking off the year by selling cookies. The advisors for 4-H are Julia Snipes and Cheryl Chancey. The club hopes for a successful year with a variety of activities to be carried out.

Keep Agriculture Number One! This is the theme of the F.F.A. Club in 1984-85. This is a club that works hard to prepare its members for farming as an occupation. Because Macon County citizens depend largely on farming and farm-related industry, F.F.A. is a vital link for MCHS students.

Activities all year long challenged members and helped develop responsible actions and creative thinking. Mr. Joe Culpepper, Advisor, felt that the members learned much useful information for the modern farmer.

The Student Council of 1984-85 was advised by Janice Oliver and Patricia Sosby. The Student Government here at Macon County High, is definitely one which can be considered a service club. This service club spent the entire year trying to enhance the spirit of the school. They did this by repeatedly having dress-up days of the season which was upon us. The student body should be extremely proud to have a club that gives so much of themselves. Their main purposes were to: develop attitudes of, and practice in, good citizenship, harmonious relations throughout the school, school morale, management of the school, student expression, orderly direction of school activities, and the general welfare of the school.

The 1984-85 Bulldog Staff has spent three rigorous quarters selling, drawing, and dreaming over this book. Not many can appreciate the work involved in putting a yearbook together until they have actually participated in the process.

Many times we have been frantic trying to meet deadlines and racking our brains for new ideas and copy. We tried very hard to produce a quality annual for MCHS, and we hope we have captured your memories of this year.

A SALUTE TO Mrs. Carole Barfield

The Yearbook is a large financial responsibility for the school, and keeping accurate records is no small task.

Mrs. Barfield has handled all the bookkeeping chores for the yearbook staff for 13 years. She has shared the funny times, the hectic deadlines, and survived through a variety of advisors and staffs.

We sincerely appreciate her devotion, and take this opportunity to say *thank you*.

The Cheerleading Squad consisted a group dedicated to announcing to the world that MCHS is #1. These girls worked very hard over the summer at the National Cheerleader Association Camp and were very successful. While there, they earned an Excellent ribbon, a Superior ribbon and the coveted Spirit Stick, for overall best spirit. Throughout the year they have been responsible for having pep rallies after school, initiating an Honorary Pep Club, making hall posters and Spirit Tags for players and faculty, and shouting encouragement for all sports events in all kinds of weather.

This year's Captain was Tangela Johnson and the Co-Captain was Rebecca Logue. Under their leadership the squad completed many tasks with the help and supervision of Mrs. Sharon Martin, sponsor. We would like them to know that we are proud of them.

VARSITY FOOTBALL

The Bulldog Varsity Football Team came into the '84 season with high hopes and great expectations.

The Dogs had several starters from last year's squad and many newcomers to brighten the line-up.

With excellent defensive coaching, the players allowed only 21 points to be scored after halftime.

Seven of these were on a controversial play, and the other 14 came in the last game of the season which was won 28-14.

In spite of the great defensive plays, all the breaks of the game seem to go the other way. The Dogs salvaged a 5-5 mark with hard work and determination.

VARSITY WATERGIRLS

Almost never getting a moment's rest, the statisticians chart the all-important statistics during all the games. Our Bulldog Band sometimes known as the "Biggest Little Band in the Land" has successfully completed another busy and exciting year. They have marched in the Third Annual Big Pig Jig Parade held in Dooly, Georgia, participated in the Southeastern States Marching Festival in Troy, Alabama in October, returned with a Good Band Rating and an Excellent Drum Major. They also marched in the Montezuma Christmas Parade. This is only part of the never ending excitement of the band. The most demanding task of all was performing at every home and away game. Although the season has ended, the "Big Red Machine" will always be ready to perform.

GIRLS VARSITY TRACK

The 84-85 Varsity girls track team has a few people we need to watch this year. After losing a key figure in last year's squad, the team has not planned on building from scratch but just keep improving what they have. This year's team has a state competitor from last year, Charlotte Jones, returning and they are looking for bigger things from her this season. With only a few girls on the team they will be strained to the limit but with hard work and determination many meets will be taken by the Dogs.

BOYS VARSITY TRACK

The 84-85 Varsity Boy's Track Team are looking at the stars this year. Several of our boys with great potential are back including John Tucker who participated in the state track meet. After losing one of the state's finest runners the team, by far, has not gone under because they have burst forth with newcomers who have the potential to be great runners. Along with the help of the coach, Mr. Jennette, the boys team is ready for action.

Bottom — Antonyo Carter, Sidney Kleckly, John Walker, Marrion Harris, James Respress, Jarrett Waters, Back — Leonard Curgil, Bob Ladd, Robert Griffin, Tim Grant, Anthony Leury, John Tucker.

"Hotdogs, apple pie, and Kip McLeod!!" That's what we at MCHS think about when baseball is mentioned. Since Coach McLeod has come here, the sport of baseball has shown a great improvement. However, the team lost a great number of players last year, whom they had relied on during the past seasons.

During the off-season, most of the team members spent time trying to improve the looks of the field. They planted grass in the in-field, built dugouts, and put up a fence. The players can be proud to have one of the best looking fields in our vicinity.

There are a few returning players who are expected to carry the team on to a championship. There is a lot of talent on this year's squad, so a championship is definitely within their grasp.

Tennis Team

This year's tennis team is by far the largest due to participation from the freshman class. Because of the number of people trying out, Coach Wylene Webb was able to form the first tennis B-Team. The tennis team developed a sense of drive and desire as they began practicing independently, early into the month of October to prepare themselves physically and mentally for the season. Through senior leadership and Miss Webb's patient but demanding coaching, the team was able to strive for their goals with that MCHS spirit.

The 1984 B-Team Football was one of the most versatile squads ever produced in Macon County. Its offense range in backfields from the 'I' to the wishbone, to an occasional Notre Dame Box. The defense had an equal balance of attacks. The team was very productive in preparing the young men for next year's varsity.

HEADLINERS

During the past year a variety of events have occurred. The Presidential election, the first animal-to-human heart transplant, and the death of India's Prime Minister.

For many months Ronald Reagan and Walter Mondale battled, insulted, and criticized each other in the campaign for the United States Presidency. As the results came in, it became evident that Ronald Reagan, again for another four years, would be the leader of our country.

A close race it was. And one of the main factors in that was because a woman, Geraldine Ferraro, had the chance to hold a major political office, Vice-President, in our country. Unfortunately for all Mondale/Ferraro supporters, Reagan was victorious.

Over a period of a few days in Mid-November, a baby, known only as Baby Fae, became the longest surviving recipient of an animal heart. Doctors transplanted a baboon-heart into the infant, and she lived for three weeks following the operation.

On October 31, 1984, the whole world was shocked when two of Indira Gandhi's Sikh bodyguards shot and killed her, transferring her position as Prime Minister of India to her politically inexperienced son, Rajiv Gandhi who is forty years old.

Fire!!

Fire!!

It was just another day here at MCHS, or so we thought. Everything was going on as usual — homeroom, announcements, first period. Everyone was sure that this particular day would be no different from the rest. How wrong we were! When the fire bell rang, all the classes exited orderly, never suspecting that this wasn't a drill. The students, and even the teachers, were surprised to see smoke seeping through the top of the building. Emergency vehicles arrived. Fire trucks in our parking lot! The fire was contained to a small area due to the quick action, and we stood back and watched. Teachers remained for an in-service work day. Much preparation was made during the night so that lunch could be served as usual the next day. The lunchroom staff did so much during the remainder of the year and first of 84-85 to make arrangements convenient and pleasant for all.,The cafeteria has been restored with new paint and new curtains, and we are glad the fire is over.

Editor's Notes

Writing the editor's note of a yearbook is probably the hardest task in putting a yearbook together. It should be meaningful to the Class of '85, but not too "mushy". I guess I should begin with thanking everyone who had a part in making this book possible. I would like to start with Mrs. Jo Campbell for her support and unending patience. We couldn't have done it without her! I would also like to thank the 1985 Bulldog Staff for their many hours of hard work and dedication. Thanks also to Mr. David Zeigler, of Jostens Publishing Company, for all the help he gave us this year, Mrs. Carole Barfield, who served as both bookkeeper and friend to us, Coach Carl Peaster, Owen's Studio, and last, but certainly not least, the faculty and students at MCHS.

Editing the '85 Bulldog opened many doors for me and I sincerely hope that this book captures the 1984-85 school year. To the Class of '85, I hope this yearbook is as memorable as our last year together has been.

Best Wishes,

Ginger Hall
